

DEG, a member of the KfW Bankengruppe (KfW banking group), finances investments of private companies in developing and transition countries. As one of Europe's largest development finance institutions, it promotes private business structures to contribute to sustainable economic growth and improved living conditions.

Phocos AG is among the world's leading manufacturers of solar-powered charge controllers and components for autonomous power supply. Energy-saving appliances such as lamps, refrigeration/freezing appliances and TV monitors supplement the product spectrum. The products developed and produced by Phocos enable the eco-friendly and efficient use of solar energy.

ASSIST is a non-stock, non-profit international capacity building organization with its headquarters in the Philippines. It aims to achieve and witness meaningful change to and for our planet and the people living on it. Since 2003, ASSIST has implemented over 30 projects funded by multi-lateral donors such as European Union, USAID, UNEP, UNIDO, DEG, GIZ, etc.

Pondicherry University, established under an Act of Parliament in the year 1985, has grown from strength to strength in all possible ways all these years and has become a place on the educational hub of the country. 15 Schools, 37 Departments and 10 Centres offering 175 PG & Research programmes are within its fold and housed in the 800-acre vibrant campus.

ENACT PROJECT BRIEF

Acute shortage of electricity is a major problem that India faces today. About 71% of electricity is generated from non-renewable resources which results in death from indoor air pollution and carbon monoxide burning. Being blessed with abundance of sunlight, India has a huge potential for solar power generation. However, developments in the field of solar energy met with a major challenge of finding people with expertise in the field.

Co-financed by DEG and Phocos, and implemented by ASSIST, this project aims to set up a solar academy to develop skilled technicians from women and youth of rural areas through a well-structured training program.
